

All Digestion (60 capsules)

Good nutrition begins with good digestion

A complete digestive enzyme formula

What is All Digestion?

All Digestion is a formula containing a complete and balanced combination of digestive enzymes, plus 13 powerful herbal extracts, effective in improving digestion. These enzymes include amylase for the digestion of carbohydrates, lipase for the digestion of fat, and protease for the digestion of proteins.

All Digestion fights these disorders with its unique ingredients of essential proteins, which digest carbohydrates, fat and protein, converting them in to small molecules capable of being absorbed by the intestines. All Digestion contains 48 natural antioxidants and all of digestive enzymes necessary for digestion.

Major Benefits

- Improves digestion of carbohydrates, fats and proteins
- Helps control gas, heartburn and indigestion
- Helps nutrient absorption
- Eliminate sleepiness after eating
- Stimulates digestive enzyme production
- Produces energy

Main Ingredients

Digestive Enzymes:

Amylase for the digestion of carbohydrates, Lipase for the digestion of fat and protease for the digestion of proteins. Enzymes are also anti-inflammatories which control food allergies, autoimmune disorders and viral infections.

Anise Seed:

Reduces intestinal irritation and gas production

Mint Leaf:

Improves digestion by increasing stomach acidity and lightly anesthetizes the intestinal tissue preventing cramps and nausea.

Turmeric Root Extract:

Detoxifies the digestive system and the liver. It also has antibiotic, anti-inflammatory, antioxidant properties to improve digestion.

Mustard Seed:

Improves digestion and contributes to the reduction of fat.

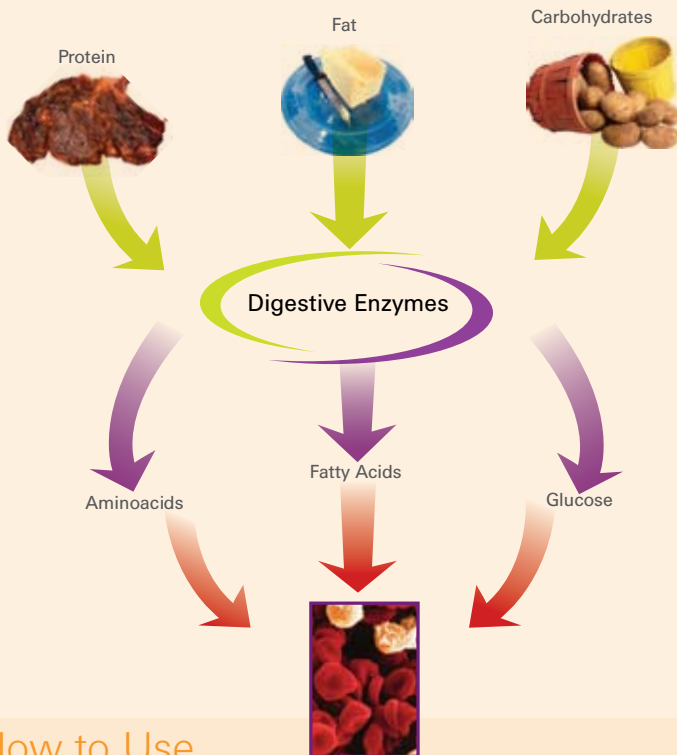

Did you know...

A balanced diet does not guarantee complete absorption, the body may not be working properly and will not take advantage of the nutrients from the food we eat. Proper assimilation of these foods is possible by digestive enzymes, these natural protein substances act in very specific way with each nutrient that food provides so it can be used at the cellular level.

How Does All Digestion Work In Our Bodies?

Due to enzyme deficiency, it is estimated that 80% of the population is affected by digestive disorders, which range from heart burn to Irritable Bowel Syndrome to other severe disorders like Crohn's Disease, gastritis, colitis, hepatitis and cholecystitis.

How to Use

Take 2 – 3 capsules before meals. Then enjoy the benefits of All Digestion.

Supplement Facts

Amount per Serving		%D.V.*
Calcium (from 180 mg Calcium Carbonate)	70 mg	7%
Betaine HCl	300 mg	*
Pancreatin (from Pancreatin 4X)	120 mg	*
Bromelain	100 mg	*
Pepsin	100 mg	*
Papain	90 mg	*
Ox Bile Extract	80 mg	*
Amylase	60 mg	*
Protease	10,250 HUT	*
Cellulase	630 CU	*
Lactase	350 Lac U	*
Lipase	90 LU	*
Amyloglucosidase	15 AG	*
Natura™ Proprietary Blend 200 mg		
Turmeric Root Extract (95% curcuminoids)		
Aloe Vera		
Anise Seed
