

Get your body to an optimal metabolism with All Enzyme

Metabolic digestive enzymes

What is All Enzyme?

All Enzyme is a rich combination of essential fatty acids and pure extracts from 60 vegetables, fruits and herbs. This formula offers more than 100 metabolic enzymes, vitamins, amino acids and minerals.

- A. Regulates digestion, absorption, detoxification and blood circulation
- B. Protects the integrity of the blood cells
- C. Increases metabolism and boosts energy
- D. Maintains a hormonal balance
- E. Purifies the intestines and control gastrointestinal problems such as acidity, poor digestion, gases, constipation, inflammation and hemorrhoids
- F. Maximizes the process of cell regeneration causing a more youthful appearance, healthy skin, and better vision

Major Benefits

- It contains 48 natural antioxidants
- Protects cells from free radical damage
- Oxygenates and purifies the blood
- Prevents premature aging
- Improves skin appearance
- Strengthens the immune system
- Regenerates organ tissue
- Improves nervous system function
- Helps control stress
- Improves vision

Main Ingredients

Bee Pollen:

Creates energy and vitality. Helps fight allergies, asthma and anemia.

Antioxidants:

Extracted from grape rind and seed, pine bark, bilberry, black currant, purple carrot and rosemary.

Jalea Real: Es energizante, rejuvenecedor y afrodisíaco.

Fortalece el sistema inmunológico.

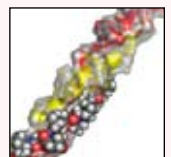

Vitamins, minerals and amino acids:

Maintains optimum health at any age and fortifies the glandular system.

Collagen:

Helps revitalize skin.

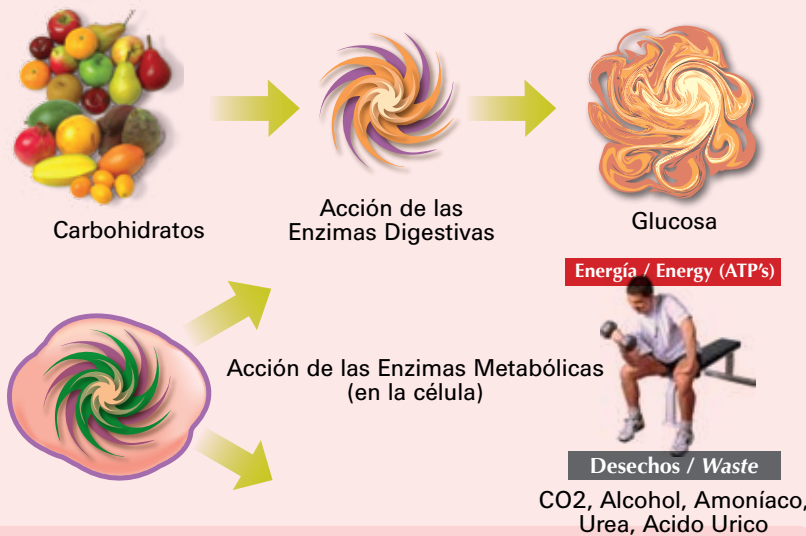

Did you know...

Enzymes help regulate every metabolic process of our body. This includes cell replication, tissue repair and more. If too many resources are used to make digestive enzymes, metabolic enzymes suffer. If we add digestive enzyme supplement to our diet, the pancreas does not have to work so hard and more enzymes are available. People who take enzymes have more energy and do not suffer from sleepiness after eating.

How Does All Enzyme Work In Our Bodies?

Enzymes are not only fundamental to human life, but they are also fundamental to health. As we age, our bodies produce less metabolic enzymes, as a result, the body becomes more vulnerable to diseases, physical activity diminishes, and there is less mental sharpness. Modern science has demonstrated that there are more than 200 diseases such as cystic fibrosis, arthritis, heart disease, obesity, ulcers and cancer related to metabolic deficiency. All Enzymes blends all the ingredients necessary to combat metabolic deficiency.

How To Use

On an empty stomach, drink 1 oz. of All Enzyme diluted in an 8 oz. of water. We recommend combining it with Aloe Cleanser and All Nutrition for best results. For a 5 day diet program, it is recommended to drink All Enzyme 4 times a day with All Omegas and Thermo Fit.

Supplement Facts

Serving Size 2 Tablespoons (30 ml)
Servings per Container: 30

Amount Per Serving	% DV*
Calories	80
Total Fat	0 0%
Fruit Concentrate Blend	13g †
apple, concord grape, pineapple, papaya, grapefruit, apricot, strawberry, white grape, cherry, peach, black currant, blueberry, blackberry, raspberry, cranberry, elderberry, boysenberry, plum	
Bee Pollen	500 mg †
Proprietary Enzyme Blend	300 mg †
protease, amylase, glucoamylase, invertase, catalase, alpha-galactosidase, bromelain, peptidase, malt diastase, lipase, phytase, pectinase, cellulase, lactase, papain & SOD - vegetable source superoxide dismutase	
Proprietary Antioxidant Extract Blend	200 mg †
grape skin, pine bark, bilberry, green tea, black currant, purple carrot, chokeberry, elderberry and rosemary	
Proprietary Thermogenic / Weight Loss	200 mg †
lotus leaf (Folium nelumbinis), siberian ginseng (Eleutherococcus senticosis), white atractylodes (Atractylodes macrocephala), red atractylodes (Atractylodes chinensis), green tea (Camellia sinensis), corn silk (Zea mays), rhubarb (Rheum officinale), senna (Cassia angustifolia), laminaria thallus (Laminaria japonica), mandarin peel (Citrus reticulata), ginger (Zingiber officinale), kudzu root (Pueraria lobata)	
Vegetable Concentrate Blend	150 mg †
tomato, carrot, red beet, green cabbage, cauliflower, broccoli, mushroom, celery, leek, onion, garlic, asparagus, cucumber and red bell pepper	
Royal Jelly	100 mg †
Liquid Colloidal Minerals	100 mg †
Hydrolyzed Collagen	100 mg †
Proprietary Sugar Control Extract Blend	†
rehmania (Rehmania glutinosa), tangerine peel (Citrus reticulata), Tricosanthes root (Trichosanthes kirilowii), bitter melon (Momordica Charantia), Chinese yam (Discorea opposita), fu ling (Poria cocos), white atractylodes (Atractylodes macrocephala), Solomon seal (Polygynatum sibiricum), lilyturf root (Ophiopogon japonicus), red peony (Paeonia suffruticosa), wolfberry (Lycium barbarum), Chinese cinnamon (Cinnamomum cassia)	
Proprietary Immune Support Extract Blend	100 mg
elderberry, echinacea purpurea root, rutin, hesperidin, barley grass juice, gold-enseal root, himematsutake fruiting body (Agaricus blazei murrill), mataake fruiting body (Grifola frondosa), shiitake fruiting body (Lentinus edodes), reishi fruiting body (Ganoderma lucidum)	
Kelp (Laminaria digitata)	10 mg

* Percent Daily Values are based on a 2000 calorie diet.
† Daily Value not established.

Other Ingredients (Otros Ingredientes): Deionized water (agua desionizada), glycerine (glicerina), honey (miel de abeja), citric acid (ácido cítrico), natural flavors (saborizantes naturales), potassium sorbate (sorbato de potasio) and sodium benzoate (benzoato de sodio).
