

The best way to active your system: Essiac-T

Natural herbal tea with Cat's Claw

What Is Essiac-T?

Essiac-T is an ancient combination of herbal extracts, which have for years, benefited the health of thousands of people who have used it and continue to use it. Essiac-T helps improve the health of people with degenerative chronic problems such as diabetes and other problems resulting from deficiency of the immune system.

This famous tea (Essiac-T) has been used for over 70 years, and its original formula was developed by an Ojibwa Indian doctor in the north of Ontario, Canada, as an infusion to detoxicate the body.

Major Benefits

- Identifies, collects and eliminates toxins from the body
- Helps control diabetes, arthritis, allergies, infections and circulatory problems
- Stimulates and strengthens the immune system
- Decreases pain, inflammation and stiffness in the joints

Main Ingredients

Sorrel: As antioxidants, they are rich in vitamins, minerals, carotenoids and chlorophyll, which increases blood oxygenation, purifies the tissue and may stop the development of cancer cells.

Cat's Claw: Traditionally used in Peru for skin and intestines, it also strengthens the immune system, and reduces pain and arthritis inflammation.

American Elm: It is a purifier that dissolves mucous in the tissues, lymphatic glands and nervous system.

Rhubarb Root: Used in China since 220 AD to detoxicate the liver and intestines, improve digestion and appetite. It has antibiotic and anti-tumor effect.

Did you know...

The Peruvian Indians in the jungle, particularly the Ashaninka tribe, have used the Cat's Claw for centuries as a medicine? Use Cat's Claw to treat inflammatory diseases like arthritis, to clean the digestive tract and to treat cancer. It has also been used to treat dysentery, recovery from childbirth, and hormonal imbalances in women.

How Does Essiac-T Work In Our Bodies?

Essiac-T works by detoxifying the body tissue (A), oxygenating the blood (B) and nourishing and strengthening the immune system (C).

A
